

TIME FOR...

**Sheridan School's
Annual Shoebox Float Parade
Friday, December 21st @ 1:00 pm**

Yes, it's that time of year, time for great minds to create that special float. Here is what you need to know:

1. At home, take a shoebox, put the lid on.
2. On top of the lid and on all the sides, decorate the shoebox just like one you might have seen in Oakville's Santa Claus Parade in November. You may choose any theme you want and decorate it to your heart's desire. However, there are rules to follow:
 - **Do not use remote controls to make your float move.** The floats must be pulled behind you through the school.
 - **Make sure that the pull string is attached securely.** Some people had to carry their floats last year because the string broke.
 - **Bring your float to school on the morning of the last day of school and keep it in your classroom.** There is not enough room to store any floats that have arrived earlier.
 - The participants will meet in the gym at 1:00 p.m. and the parade will begin shortly after. Parents are most welcome to attend and sit in the mall to observe the parade. Dismissal time is 1:45 p.m. so parents may take children and floats home at that time.

HAVE FUN!!!
